

I'm in love with you

You are my happy

I think there is a chance that,  
I kinda-sort of...quite possibly -  
might be in love with you.

You give me butterflies.

I fall for your smile  
every. single. time.

You are my reason.

i dream of you  
in colors  
that don't exist

YOU ARE MY  
ONE IN  
SIX BILLION

So many of  
my smiles begin  
with you.

you are,  
and always have been,  
my dream.
